Testing Results are based solely off the sample tested in the condition it was received. Pureroots Botanicals warrants that all analytical work is performed professionally following all the standard practices and methods provided by Big Sur Scientific Analyzers. These tests results are conducted using infrared spectrometry and validated through reference values from state licensed ISO certified laboratories.

*Total THC = THCA% (0.877) + D-9 THC % Total Cannabinoids is the sum of all cannabinoids detected

Results generated and reported by Pureroots Botanicals LLC
